PROFESSIONAL SUMMARY

Frontend-focused developer with hands-on experience building React applications and managing real-world eCommerce operations using Shopify and POS systems. Strong understanding of user experience, performance optimization, and end-to-end product workflows.

SKILLS

- Languages** : JavaScript, TypeScript, Python, SQL, HTML5, CSS3
- Frameworks** : React, React Native, Node.js, Express.js
- Database** : MongoDB, PostgreSQL (Supabase), Firebase
- Tools** : Git, GitHub, Linux, Docker (Basics), Postman, Vite, Stripe (Webhooks), Jest, React Testing Library, Supertest (Basics)
- Cloud Services** : AWS (Lambda, EC2, API Gateway, S3, SQS, IAM, CloudWatch), Supabase, Firebase, Vercel, Netlify
- Concepts** : React Hooks, State Management (Context API), Authentication (JWT), RESTful APIs, API Integration, Performance Optimization, Responsive Design, CI/CD (Basics), Agile Methodology

PROJECTS

Natours – Full-Stack Web Application

- Implemented end-to-end user flows including authentication, booking, and post-action interactions across frontend and backend.
- Integrated secure payments using Stripe Checkout with webhook-based booking confirmation.
- Designed scalable backend structure with modular APIs and managed complex data relationships.

The Wild Oasis – Admin Dashboard Application

- Developed a centralized dashboard to manage bookings, users, and application settings through a protected interface.
- Implemented real-time data operations with caching, mutations, and efficient synchronization.
- Built advanced UI features including filtering, pagination, forms, and data visualization components.

EXPERIENCE

Front-End Developer

Synex Technology

Feb 2025 – Dec 2025

Ahmedabad, Gujarat

- Built responsive React interfaces including listing pages, detail views, and dashboards with intuitive eCommerce-style user flows.
- Implemented authentication features such as protected routes and managed state using Context API and useReducer.
- Optimized performance through lazy loading, efficient rendering, and reusable component architecture.

Ecommerce Operations Specialist

Spice Divine Inc

Mar 2023 – Dec 2024

Ottawa, ON

- Managed omnichannel operations across Shopify and Lightspeed POS, ensuring accurate synchronization of products, inventory, and orders.
- Developed a customer-facing POS display system to enhance checkout transparency and overall user experience.
- Streamlined operations by implementing automated workflows and provided technical support to maintain efficient and reliable service.

EDUCATION

Bachelor of Science in Information Technology

Auro University - Surat, Gujarat, India

July, 2020

P.G. Diploma in Computer Programming

Algonquin College - Ottawa, Ontario, Canada

August, 2024

CERTIFICATIONS

- AWS Certified Cloud Practitioner
- Node.js, Express, MongoDB & More: The Complete Bootcamp, Udemy
- The Ultimate React Course 2025: React, Next.js, Redux & More, Udemy
